The trial of Mary Ellen Smith colored was begun in the United States District Court yesterday. She is charged with passing a \$1 bill, which had been raised to \$10.

District-Attorney White and his assistant, Mr. B. Rand Welford, represent the government, and Mr. Edgar Allan and Mr. H. M. Smith, Jr., appear for the prisoner.

It is generally understood that in case of war Virginia will be asked to furnish a certain number of men from the Virginia volunteers, which, of course, would only mean the military organization now in existence. The commanding officers would, of course, be selected from the regular army. Should the number be limited to a regiment of 1,200, as some people think, then it would be extremely doubtful, whether any of the field officers would be given an opportunity to serve.

Parties failing to pay this tax on or before April 15, 1898, will be subject to the penalties prescribed by the City Ordinance, which provides that \$1 nor more than \$2 per day after April 15, 1898, the same to be imposed by the Collector, F. W. CUNNINGHAM, Collector of City Taxes.
